

# Mobile Recording Suite

Feature-Rich, Highly Mobile Interview Recording

## Convenient PLAYBACK and ARCHIVING

- Simple, secure Evidence Vault storage technology simplifies file search and storage.
- Exported DVDs and CDs are playable on consumer players or Windows computers
- Free, feature-rich iRecord Player operates without proprietary CODECs.
- Unique DVD spanning technology creates multiple-disc sets for longer interviews.

**VOICE PRODUCTS INC.**

## Easier, Secure, and More Flexible RECORDING

- Wide range of mobile and fixed cameras for easy deployment.
- True ONE TOUCH recording.
- Covert wired or wireless briefing.
- Remote real-time interview viewing.
- "Electronic notes" indexing function.
- Simultaneous recording to a DVD or external hard drive, satisfying "first evidence" requirements.
- Tamper-proof watermarking.
